Worktops brochure

Worktops

Worktops can make all the difference to the look of a Kitchen,
that's why we offer a wide range of choices of colours,
textures and finishes.

Laminates

Hardworking laminate worktops offer a low-cost alternative to natural surfaces so you can still get the look you dream of but at a price within your budget. Please refer to the manufacturer's care and maintenance instructions. Matching upstands and splashbacks are also available to match most of the colour options.

Compact Laminate

Welcome to the next generation of worktop design. Offering sleek versatility and high performance, our cutting-edge compact worktops are the new, unique alternative to natural stone. They provide complete design flexibility and have a superior performance against heat, wear and impact. At just 12.5mm thin, they're also highly contemporary. Their double-sided decorative laminate surfaces give you the opportunity to achieve breakfast bar waterfall sides and open shelving too. And the final flourish is that they can be curved and installed in your home with no specialist tooling needed. Some level of experience in fitting these is required.

Magnet Collection

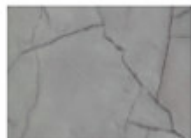

£329.03 for a 3 metre worktop (ex vat)

(BLACK CORE)

Solid Timber

Every Magnet solid wood worktop comes in 3 metre lengths. But what they also bring with them is a warm texture and a beautifully natural look. Not to mention the individual characteristics that are innately inherent in wood. These worktops are also available for breakfast bars and upstands in all styles and all come with simple care instructions to ensure long lasting use and visual appeal.
