Essential Information

Ordering and Delivery Information

It is important when ordering and booking installations to allow sufficient time between the product delivery date and the installation date. This ensures goods can be checked, and if necessary, rejected or damaged items can be replaced and re-delivered.

Almost all of the products shown in this brochure are held in stock and can be dispatched within 48 hours of ordering (up to 72 hours for parts of Scotland and more remote areas of the UK). Please confirm expected delivery dates at the time of ordering for any time-critical items.

Due to printing process constraints, printed colours and wood grains may vary and are for illustration purposes only. Some images in the brochure are CAD-generated and may not fully reflect the product details. We strongly recommend addressing any questions about product details before ordering, as colours are provided for reference only.

To ensure accurate colour matching, please contact your local Plumb Centre or Wolseley branch or showroom to request a sample before placing an order.

Product Notes & Specifications

All carcasses are made from 18mm furniture-grade MFC and are supplied ready-assembled. They include hinges, wall-hanging brackets, and other necessary fittings. Doors and fascia panels are packed separately to be fitted after the carcasses are installed, reducing the risk of damage. Doors are pre-drilled for hinges. Unit dimensions provided are overall measurements, including fascias.

All Twyla bathroom furniture fascia panels feature a furniture-grade MDF core. If the MDF core is exposed through cutting, it must be sealed with a proprietary sealant, such as PVA or silicone, to maintain the warranty.

Due to the nature of materials and production processes, dimensions may vary within a tolerance of ± 2mm on furniture, ± 3mm on cast basins, and ± 5mm on ceramic.

For slimline units, rear legs should be removed to accommodate a soil pipe due to space restrictions. The unit's rigidity is maintained by the front legs and wall fixings.

Our concealed WC cisterns are designed for front-access servicing. If using concealed cisterns from other manufacturers, service accessibility must be verified.

Taking Care of Your Twyla Products

Every Twyla product comes with a robust five-year guarantee, ensuring exceptional quality and peace of mind every step of the way.

By following a few simple care and cleaning guidelines, Twyla products can provide many years of enjoyable and trouble-free service.

Twyla Bathrooms are designed for use in domestic environments. As with all timber-based products, proper ventilation is essential. Bathroom furniture can be adversely affected by excessive moisture, whether on the surface or in the atmosphere. To prevent condensation buildup and protect your furniture, it is strongly recommended to install a suitable bathroom extractor fan.

Important Guidelines:

- Twyla Bathrooms timber-based fitted furniture must never be installed in wet-room environments.
- Any cut or exposed panel edges, as well as floor or wall abutments with furniture or sanitaryware, must be sealed with a waterproof sealant, such as silicone, to prevent water ingress and potential damage.
- All water spills and sprays should be wiped clean and mopped dry immediately to prevent watermarks or damage.
- Never use chemical or abrasive cleaners, bleach, or furniture polishes on bathroom furniture, as these can damage the finish. Clean only with a soft damp cloth and, if necessary, a mild soap solution.

Cleaning Specific Materials:

- Twyla Cast Basins: Made from a mineral powder/polyester resin and protected by a gel coat (at least 0.5mm thick). Clean with a normal liquid detergent (avoid detergents containing abrasives) and buff with a high-quality polish to maintain the surface.
- Ceramic Sanitaryware: Clean with a damp cloth and warm soapy water, then rinse with clean water and polish with a soft cloth. Avoid cleaners containing abrasive solvents, acid, or ammonia.
- Taps: Clean with a damp cloth, rinse thoroughly, and polish with a dry cloth. Avoid using cleaners that contain abrasive solvents, acid, or ammonia.

Terms and Conditions

All prices in this catalogue are retail prices, exclusive of VAT at 20%. Goods will be invoiced at the prices in effect at the date of dispatch unless otherwise agreed.

All orders are subject to our standard terms and conditions of sale, which can be found at www.wolseley.co.uk/terms-and-conditions/.

For return instructions, please refer to our full conditions of sale online.

While every effort has been made to ensure the accuracy of the information in this brochure at the time of printing, we reserve the right to change specifications and pricing without prior notice.
