# Our Core Range

**We know that incredible value is important to you.**

That's why we've spent 20 years building strong relationships with the biggest and best electrical manufacturers in the world, putting us in the best position to offer you exactly that.

Our Core Range is a vast, hand-picked selection of electricals at our very best prices – exclusively for trade customers. From laundry to cooking and refrigeration to audio-visual, our Core Range has been created to make finding reliable products at great prices quick and easy.

Our team works relentlessly to make sure our warehouses carry as many of the items in the range as possible, so you can get the products you need, when you need them.

The next few pages showcase a selection of our Core Range, but this is just the tip of the iceberg. Our full Core Range covers over 400 different products, across all categories.

So, if you don't see exactly what you're after here, call us on **01204 672 800** and we'll help you find it.

AO Business: Core Range  
**01204 672 800**

# It's Never Just Been About The Electricals...

We take our business very personally. So much so, our mission is to treat every customer like your gran and make decisions your mum would be proud of.

There are no cut corners or skewed priorities, just a team that'll go out of their way to do the right thing.

By going the extra mile, we've earned an excellent rating on Trustpilot from over 250,000 customers.

## Delivery

We purchased our own logistics business to offer our customers a better service. It's why we can deliver your items when you want, not when we say.\*

## Installation

When you're short on time, you just need things sorting. Our fully-trained installation team can get your new appliances in place and connected properly (and safely). From gas hobs to electric ovens. All you need to do is turn them on.

## Recycling

We can take away your old electricals to make sure they're disposed of responsibly and to the correct legal standards. Last year, we recycled 700,000+ fridges at our UK plant.

## Account Management

We've grown our team by 70% in the past year to give you the best service possible.

\*Pricing and product availability is subject to change. We reserve the right to remove the products and change pricing at any time, and cannot guarantee prices in the document will be correct at the time of purchase. Delivery is subject to availability. Geographical restrictions and charges apply. This document is only to be used between 1 April to 30 June 2022. Any purchase will be subject to our terms and conditions which can be found at [ao-business.com/advice/terms-and-conditions](https://ao-business.com/advice/terms-and-conditions)
