## MADE FOR THE TRADE

We've been working with the Trade for over 100 years, becoming the most trusted kitchen and joinery supplier in the industry.

We're always here to lend a hand, whatever the job, whatever you need.

And with access to a team of trade experts and dedicated kitchen designers across the UK we can work with you and your customer in anyway you like.

To help you nail it. First time. **Every time.**

# SERVING THE HOMEOWNER & TRADE PROFESSIONAL FOR OVER 100 YEARS

## **DON'T JUST TAKE OUR WORD FOR IT**

Our award-winning kitchens are trade verified & built to last with over 250 to choose from the design possibilities are endless.

## **EASY TO FIT & BUILT TO LAST...**

Easy-fit cabinets, manufactured in the UK (with up to 25 years guarantee) our pre-built cabinet has held FIRA gold accreditation for quality 30 years running and is a Which? Best Buy for the sixth year in a row.

## **AND WE PRICE IT RIGHT.**

Best trade only price, first time - competitive, confidential and affordable.

# OUR AWARD-WINNING KITCHENS

With more than 250 kitchens to choose from, featuring a range of design styles and price points, our collection of award-winning kitchens is developed to bring you and your customers the best products on the market.

Choose from classic painted shakers, nordic-inspired concepts, sleek and modern looks or the popular j-pull.

All accompanied by thousands of accessories and joinery products to complete the job.

Turn to **page 201** to view our complete kitchen collection.

# QUALITY ASSURED

We take great pride in the lengths we go for quality testing. With a Magnet kitchen, you can be assured your customers' kitchen will stand the test of time.

In fact, Magnet is the only kitchen company that has achieved FIRA gold accreditation for quality 30 years running and our pre-built cabinet is a Which? Best Buy for the sixth year in a row.

We believe we have the

## SAFEST HANDLES

on the market, with all handles tested in compliance with REACH, the Registration, Evolution, Authorisation and Restriction of Chemicals standard.

Our pivoting doors are tested to hold

## 37KG

the equivalent of 37 bags of sugar.

We open and close our drawers

## 100,000

times, which takes 7 days to complete.

Our kitchen doors are tested to be resilient against the toughest household stains, including coffee, tea and blackcurrant.

You sit at the heart of our cabinet development, not only to make the kitchen easy to install but to achieve a perfect fitted kitchen, resulting in a 25 year guarantee on our pre-built cabinets.

# SUSTAINABILITY

## A BEAUTIFUL KITCHEN SHOULDN'T COST THE EARTH

When you and your customers choose Magnet, you're choosing a brand with an ongoing commitment to sustainability.

From the responsibly sourced wood in our kitchen cabinets and frontals to the renewable energy that powers our Trade counters, we're working hard to achieve our goals and clean up our impact on the environment.

[magnettrade.co.uk/sustainability](https://magnettrade.co.uk/sustainability)  
for more information

---

## OUR COMMITMENTS

At Magnet, we have a set of clear targets that we're consistently working hard to achieve – but we're not there yet.

These targets keep us focused on the road ahead and set out clear milestones for us to work towards.

### **REDUCING GREENHOUSE GAS EMISSIONS**

To help limit global warming to well below 2°

### **TRANSITIONING TO A CIRCULAR ECONOMY**

All our cabinets and frontals are 100% responsibly sourced

### **INSPIRING SUSTAINABLE LIVING**

By 2025, 100% of our new kitchen products will be designed to live a more sustainable life

### **NURTURING A SUSTAINABLE CULTURE**

We'll nurture a culture of sustainability internally, within our own operations and supply chains

## OUR KEY SUCCESSES SO FAR

It's a challenging journey but we believe it's important to celebrate successes along the way – because any win, large or small, is a win for the planet.

**100%**

recycled car components are used to create our cabinet legs across our whole product range

**71%**

we've reduced the carbon footprint of our operations and our own transportation since 2016

**70%**

recycled content is used in the waste bins we use throughout our business

**100%**

recycled polypropylene is used in our Prevex plumbing kits

**100%**

of the timber waste from our supply chain is upcycled or repurposed

**100%**

responsibly sourced wood that goes into our kitchen cabinets and frontals

**100%**

of the virgin plastic we use in our knobs and handles has been replaced by more sustainable alternatives

**100%**

of our UK mainland stores run on renewable energy
